SECOND SUPPLEMENTAL DECLARATION OF JOHN W. BIRD

TO: The Honorable Commissioner of
Patents and Trademarks
Washington, D.C. 20231

SIR:

I, John W. Bird, declare on my oath the following:

1. I am the same John W. Bird who executed Declarations on December 1, 1999 and April 3, 2000 in the captioned application prosecution and wish to reaffirm the statements made therein, as clarified in my deposition on September 12, 2000, and with the further clarifications given below.
2. I have been presented with travel receipts of a trip by Jesse Williamson and Bill Davis to the Atlanta area bearing production numbers (W002705-2706), Exhibit "A" hereto. I note the indication on the restaurant receipt of the name Morton's Buckhead and the date of June 12, 1994, which are consistent with my recollection that Steve Baker, a salesman with PRI, met with Jesse Williamson and Bill Davis in the Atlanta area in mid-1994 to pursue WPC's desire to purchase drier equipment. Steve had pre-trip plans, which he executed on the trip, to show Jesse and Bill a PRI-constructed HV interstation drier at a James River carton printing plant in Newnan, Georgia. The Baker trip was a high profile venture inside PRI at the time in view of the possibilities of large sales of drier equipment to Williamson, as Williamson had intended to replace many of their presses with new presses.

3 I note from a calendar, Exhibit "B", that June 12, 1994 was a Sunday
 4. The restaurant receipt and the calendar further refresh my recollection of the circumstances, including the date and place of the Atlanta meeting, that I testified about in paragraph 10 of my original declaration signed June 11, 1999. I recall Baker coming into my office upon his return to Dallas several days after the Sunday meeting, in which the disclosure made to him by Jessie and Bill was passed on to me, the substance of which is discussed in paragraph 10 of my original declaration. Baker, I recall, returned on the following Wednesday the 15th, possibly Tuesday the 14th. Baker came into my office - I recall it was in the morning - the day following his return, and was quite enthusiastic about an additional sales opportunity PRJ had - interstation retractable coater equipment with an anilox roller in accordance with Davis-Williamson's suggestions.

5 I recall telling Howard DeMoore about the successful Baker trip and the disclosure by Davis and Williamson to Baker of an "up front" retractable coater with an anilox roller immediately after the conversation with Baker. It is incomprehensible to me as PRJ's Product Manager at that time that telling DeMoore - Chief Executive and owner of PRJ - would not have occurred the very same day I was told by Baker of the Davis-Williamson concept of going "up front" with a flexographic station, and that one of the alternatives indicated by Davis-Williamson to Baker was performing their contemplated process with a modified "rack-back" having an anilox roller and chambered doctor. I recall a discussion with DeMoore about this in my office. Looking at the 1994 calendar, that would have occurred, to the best of my recollection, either the morning of June 15th or the afternoon of June 16th.

The undersigned Declarant states further that all statements made herein of Declarant's own knowledge are true, and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code.
